ABSTRACT (Note! replace guidelines with your abstract)

This is the abstract submission guideline/template for the International Conference on Polymers and Composites (ICPC 2021). The length of abstract should not exceed 250 words. The ABSTRACTS will be evaluated by the Scientific Committee.

The EXTENDED ABSTRACTS (1000 words maximum) should include the research aim or problem, a short description of the research background and methodology, and the key results or findings. The text must be written in English. Please use Times New Roman 12 pt. as font and single line spacing for the entire text. There should be a margin of 2.5 cm on all sides. Title of the text should be in **CAPITAL BOLD LETTERS** with a font size of 14 pt., with a maximum length of two lines. The name of the authors should be written in bold letters, with a font size of 12 pt. and the name of the presenting author should be underlined. Institution names (Affiliations) should be in italic letters with a font size of 10 pt. Please add the e-mail information of the presenting and corresponding authors in brackets. Leave 2 blank lines with font size of 12 pt. before the body text. It is the author's responsibility to submit correct text (spelling, grammar, scientific facts, accuracy and layouts). Number manuscript pages consecutively throughout the paper.

Keywords: (up to 6 keywords)

INTRODUCTION

Here paste your *INTRODUCTION*

MATERIALS AND METHODS

Here paste your *MATERIALS AND METHODS*

RESULTS

Here paste your *RESULTS*

CONCLUSIONS

Here paste your *CONCLUSIONS*

ACKNOWLEDGMENTS

Here paste your *ACKNOWLEDGMENTS* (if they are necessary due to e.g. project requirements)

REFERENCES

Here paste your *REFERENCES*, but first prepare reference list in accordance with the IEEE Style.
