NOC: The Higher Education Commission (HEC) has granted NOC to the National Textile University (NTU) for PhD admissions in chemistry.

Admission to this course will be made very shortly. NTU Rector Prof Dr Tanveer Hus-sain said the approval for launching of this programme is an honor for the University and added that the research under this programme will be carried-out to modern standard, keeping in view the challenges faced by the Textile Sector of the country.

He said state-of-the-art laboratories at the varsity would facilitate the scholars in connection with research work. He said apart from PhD in chemistry, the NTU Faculty of Sciences is successfully running PhD computer science, MS Computer Science, MS Mathematics and Under Graduate Programmes.
